**CHEMIN SHOULDICE AND CHEMIN DES ÉRABLES:  
NEW TRAFFIC RULES FOR TRUCKS, EQUIPMENT TRANSPORT VEHICLES, AND TOOL VEHICLES  
ON THESE TWO STREETS**

**La Pêche, July 18, 2019.** The Municipality of La Pêche would like to inform the public, organizations, and businesses located in La Pêche that as of **Monday, July 22**, all truck, equipment transport vehicle, and tool vehicle traffic will be strictly prohibited all along Chemin Shouldice. In addition, such traffic is now permitted on Chemin des Érables. These changes are further to the adoption of [by-law 19-790](#) at the town council's regular meeting on July 2.

As of July 22, these types of vehicles may either take Chemin de la Beurrerie (from Chemin des Érables) to get to Route Principale (366 Ouest) or continue further north on Chemin des Érables to get to Route 105 at Alcove (see the reverse side for the map).

Chemin Shouldice has deteriorated in recent months and is presenting safety issues for road users. The council is currently looking into the possibility of repairing the road. Road work could begin in the fall of 2019 and continue in the summer of 2020.

Depending on how the work progresses, Chemin Shouldice may eventually be reopened to truck, equipment transport vehicle, and tool vehicle traffic.

New road signs are being made and will be finalized by the effective date of the new by-law.
